That's me!! that's me!!...Thanks Myzafira for giving me a free opportunity to try the booster.WOW!!!!!!... might be an understatement!!! Keta I macam kena tongkatAli 7 dalam 1 beb!!! Sentuh throttle sikit sudah mau melompat beb!! ... memang power!!! Improve the car slingshot / torque by more than 20% I guess..how to measure that anyway (w/out a tool) !!!.. through hair raising maybe...

Myzafira bole bagi kat depa semua try ka!!!!!!

I got the chance to test my Nabira+ maxflo+ booster. I would say,ayo..ayo... very responsive and torque machine indeed. If fitted most likely I dare not to let mrs drive the car with booster. The reason is, very easy to sondol others backside. At the end have to accept with maxflow only.
